Wheel dumper DW30

Material number 1000390633

The DW30 raises the productivity of the material handling and the safety of the operator on the job site. It is a real offroad onroad professional with its all wheel drive with constant tensile force, the articulated pendulum joint and the climbing power up to 50 %, while the service and maintenance costs stay low for the owner.

Product details

DW30 - Compact, safe and a real allrounder

- With the hydrostatic all-wheel drive, the driver can concentrate on his work without having to change gears frequently. A constant tractive force from 0 to maximum speed and the hydrostatic braking complete the pleasant driving experience.
- Entry and exit on both sides for maximum safety in any construction site situation.
- Clearly arranged instrument panel with joystick operation: intuitive operation, quickly reach all important functions with one handle
- Spring-loaded parking brake: completely wear-free operation, durability and reliability without additional effort.
- Maintenance intervals that are twice as long for lower service and operating costs. All important areas can easily be reached by the end user from the ground without straining.

Configuration of Wheel dumper DW30 on 23/07/2020
